

CODY CYBULSKI

S U M M A R Y

I come from a family of hard-working individuals who take pride in their work. I have acquired the same work ethic and strive to accomplish tasks in a proactive and efficient manner. I am adept with solving both simple and complex problems as I have had much practice in customer service, teamwork, and time-management. I enjoy helping others and gaining knowledge from every new experience. I am very passionate about technology. Therefore, being in a position that gives me the opportunity to learn more is a great benefit. I love to do research and learn as much as I can about the projects that I work on. Overall, I am very passionate, dependable, and skilled in many subjects.

The Polish Printer

Owner and Operator • 2020 - Present

The Polish Printer is my small business that specializes in FDM 3D printed and laser engraved items. I design products using CAD software, inspect for flaws, and handle shipping. I have had to fully recompile firmware and adjust settings as needed. I have set up servers to operate all equipment through. The venture has provided valuable learning experiences in technology, customer service, and various skills that I take pride in. I am always eager to use these skills in further positions.

Four Winds Casino and Resort

Slot Technician 2 • February, 2023 - Present

I began as a Slot Tech in November 2023 and advanced to Tech 2 in July 2024. This role has been an amazing learning opportunity, enhancing my electrical expertise and communication skills. As a Tech 2, I serve as a mentor to all Tech 1 team members and report to our Tech 3. My responsibilities include: installing, troubleshooting, repairing, repositioning and testing slot machines daily; writing up daily activity reports; reviewing EGM schematics and manuals; ordering parts required; keeping inventory of the shop; performing solder repairs; downloading and configuring game software. I have found great satisfaction in this position and am grateful for all of the experience that is has provided.

Construction, Family-led business

General Laborer • 10+ Years of experience

I worked as a general laborer in my family business where I gained skills in carpentry, AC and DC electrical, roofing, concrete, and brick laying. My most cherished skills that I developed were constructive thinking, dependability, and the ability to quickly learn and master new skills.

Asurion

Mobile Technician • 1 Year of Experience

I had a great experience working at Asurion in Mishawaka, excelling in technology repair and sales. I greeted customers, made repairs, and promoted protection plans. This job boosted my comfort level in technology repair. My responsibilities included: repairing mobile electronics, gaming consoles, and PCs; researching and ordering parts; understanding DC electrical systems; and performing minor soldering repairs.
